

Become an ICFO PhD-student!

PhD-fellowships available within the **ICFO PhD Program (Spring 2023)**

Our PhD Fellowship Program welcomes applications from individuals with a degree in a field of science and engineering related to the ICFO research activities.

Fellowships will be offered across all ICFO research groups. Research lines include, but are not limited to theoretical and experimental aspects of:

- Medical Optics
- Biophysics, Biophotonics & Super- Resolution Imaging
- Photovoltaics, Thermal Photonics & Solar Fuels
- Quantum and Low-Dimensional Materials
- Optical Sensing & Optoelectronics
- Nonlinear Optics, Ultrafast Optics & Atto-Science
- NanoPhotonics & NanoMechanics
- Ultracold Quantum Gases
- Quantum Communications, Sensing & Simulation
- Quantum Optics & Quantum Information
- Nanophotonics, Condensed Matter Physics & Light-Matter Interactions

PhD students benefit from state-of-the-art research facilities, a stimulating international and interdisciplinary environment, broad-scope scientific and technical training, extensive mentoring, and widespread opportunities for professional and personal development.

For further information about the research groups and activities at ICFO, please visit www.icfo.eu, or contact us at jobs@icfo.eu.

Apply now!

Deadline: February 6, 2023
